- Transparent housing bowl enables visual inspection of the cartridge.

### APPLICATIONS

- Pharmaceuticals
- Food and beverage
- Chemical
- Microelectronics
- Cosmetics
- Ink water treatment

### MATERIALS OF CONSTRUCTION

**ID**  
1.10" (28mm)

**Sealing**  
EPDM, Viton

**Vent**  
1/4" NPT

**Drain**  
1/4" NPT

**Inlet/Outlet**  
DN40, JIS40A

**Length**  
9.75" (248mm)  
9.87" (250mm)  
10" (254mm)  
20" (508mm)

**Head**  
Pure Virgin PP

**Bowl**  
Pure Virgin PP

### SPECIFICATION

**Max Operating Temperature**  
60°C

**Max. Operating DP**  
6 Bar @ 21°C

### ORDERING CODE

Example : 226-10-E

	Length	Seal Material
226	10 = 10" 20 = 20"	E = EPDM V = Viton
